

# Treasuring Childhood

FILM & LECTURE SERIES

Presented by Tucson Waldorf School

## Ellersiek Games: Finger Plays for Young Children

### Parent Workshop

*Presented by Lynn St. Pierre*

Wilma Ellersiek created a body of work designed for the young child. Her little finger plays and movement games include gesture, rhythm, rhyming verse, full body movement and singing in the mood of the fifth. We'll do a variety of games including loving touch, dancing hands, seasonal plays and delightful movement games. These games demonstrate great wisdom in supporting healthy sensory development.

These little plays may be woven into the fabric of your family life creating a more harmonious and joyful atmosphere throughout the day and night.

Join us for a morning of delightful finger plays and movement games that will engage your children in the most wonderful ways!

Lynn St. Pierre is a well know presenter, sharing her work on early childhood developmental movement at conferences, teacher trainings, workshops and parent educational events throughout the world. Lynn is a member of the International Hand Gesture Working Circle, and the founding kindergarten teacher of the Applesong School, a parent collective in Lyons, Colorado.

## Saturday, November 5, @ 9:00am-10:30am

Tucson Waldorf School

3605 East River Road Tucson, AZ 85718
