Fingerplays for Young Children

Teacher Workshop

Presented by Lynn St. Pierre

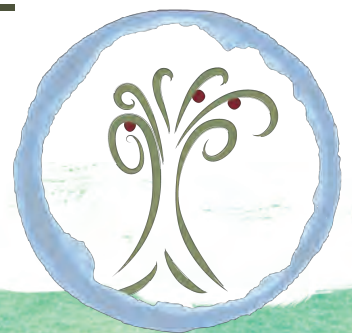

Join us for a day of delightful fingerplays and movement games that will engage your students in the most wonderful ways!

Wilma Ellersiek created a body of work designed for the young child. Her games and movement plays include gesture, rhythm, rhyming verse, full body movement, and singing in the mood of the fifth. We'll do a variety of games including loving touch, dancing hands, seasonal plays, and delightful movement games. These games demonstrate great wisdom in supporting healthy sensory development, and may be included in your circles, festivals, movement journeys, parent nights, and as transitional pieces throughout the school day.

Lynn St. Pierre is a member of the International Hand Gesture Working Circle, and the founding kindergarten teacher of the Applesong School, a parent collective in Lyons, Colorado.
